	Annotator with positive sentiment	**Annotator with negative sentiment**
Response: Congresswoman, it might be useful <u>to clarify</u> what actually happened here. A developer who is a researcher–	**Label:** shift+correct **Explanation:** Witness *wants* <u>to clarify</u> what happened	**Label:** shift+dodge **Explanation:** Mr. Zuckerberg *goes off on a tangent* <u>to "clarify"</u> the situation.
Response: We are working through the process. <u>We have never said we would not provide those.</u>	**Label:** ans+direct **Explanation:** *answers* and does *say factually* that <u>they never said they would not provide the emails</u>.	**Label:** shift+dodge **Explanation:** Koskinen *evades* the question, by saying that <u>he never said he wouldn't provide the email</u>.
